When an item is not listed on the agenda, State law prohibits Commission discussion or action. Commission members may only "briefly respond" to statements made and/or questions posed. For example, State law allows Commission members to ask questions for clarification and provide reference to staff or other resources for factual information. Comments should be restricted to items of interest to the public that are within the subject matter jurisdiction of the Parks and Recreation Commission. Public speakers are encouraged to summarize their comments and limit presentations to three minutes per item.
